INDEX TO VOLUME 40, 1975

Journal of Speech and Hearing Disorders

AUTHOR INDEX

Adams, Martin R., *Letter:* Comments on Schwartz's "The Core of the Stuttering Block." 136.
Alfrey, Allen C. (see Rosenbek, John C.)
Allen, Elizabeth L. (see Zimmermann, Gerald)
Allen, K. Eileen (see Appelman, Karen)
Appelman, Karen, K. Eileen Allen, and Keith D. Turner, The Conditioning of Language in a Nonverbal Child Conducted in a Special Education Classroom. 3-12.
Aten, James L., Frederic L. Darley, Jon L. Deal, Donnell F. Johns, *Letter:* Comment on A. D. Martin's "Some Objections to the Term Apraxia of Speech." 416-420.

Baltaxe, Christiane A. M., and James Q. Simmons III, Language in Childhood Psychosis: A Review. 439-458.
Bauer, L. L. (see Kent, R. D.)
Beattie, Randall C., Dion V. Svihovec, and Brad Edgerton, Relative Intelligibility of the CID Spondees as Presented via Monitored Live Voice. 84-91.
Bess, Fred. H., H. Donell Lewis, and David J. Cieliczka, Acoustic Impedance Measurements in Cleft-Palate Children. 13-24.
Bloch, Patricia J., *Letter:* Myofunctional Therapy. 140.
Boone, Daniel R., *Letter:* A Comment on E. H. Henrikson's Letter. 412-413.
Bradfield, Shari S. (see Shelton, Ralph L.)
Brandt, John F. (see Marshall, Lynne)
Brodnitz, Friedrich S., The Age of the Castrato Voice. 290-295.
Brody, Donna M., Barbara A. Nelson, and James F. Brody, The Use of Visual Feedback in Establishing Normal Vocal Intensity in Two Mildly Retarded Adults. 502-507.
Brody, James F. (see Brody, Donna M.)

Calcaterra, Thomas C. (see Zwitman, Daniel H.)
Campbell, John C. (see Roeser, Ross J.)
Celesia, Gastone G. (see Netsell, Ronald)
Chubrich, Robert E., *Letter:* Comments on "Analysis of a Father's Speech to His Language-Learning Child." 545-546.
Cieliczka, David J. (see Bess, Fred H.)
Conn, Marjorie, Jess Dancer, and Ira M. Ventry, A Spondee List for Determining Speech Reception Threshold without Prior Familiarization. 388-396.
Cooper, J. C., Jr., George A. Gates, Jeffrey H. Owen, and Harold D. Dickson, An Abbreviated Impedance Bridge Technique for School Screening. 260-269.
Cooper, Morton, *Letter:* A Response to Mueller. 278-279.
Costello, Janis, The Establishment of Fluency with Time-out Procedures: Three Case Studies. 216-231.

Daly, David D. (see Roeser, Ross J.)
Dancer, Jess (see Conn, Marjorie)
Daniel, Billie (see Netsell, Ronald)
Darley, Frederic L. (see Aten, James L.)
Deal, Jon L. (see Aten, James L.)
Dexter, Richard (see Weinberg, Bernd)
Dickson, Harold D. (see Cooper, J. C., Jr.)
Dimmitt, Kay (see McReynolds, Leija V.)

SUBJECT INDEX

Audiology

Auditory Testing

An Abbreviated Impedance Bridge Technique for School Screening (J. C. Cooper, Jr., George A. Gates, Jeffrey H. Owen, and Harold D. Dickson) 260-269.
Anticipatory Middle-Ear Reflex Activity from Noisy Toys (Lynn Marshall, John F. Brandt, and Larry E. Marston) 320-326. Erratum: 549.
Auditory Localization of Infants as a Function of Reinforcement Conditions (John M. Moore, Gary Thompson, and Marie Thompson) 29-34.
Auditory Responses of Infants (Betty Springer Watrous, Freeman McConnell, William F. Fleet, and Ann B. Sitton) 357-366.
Auditory-Visual Perception of Speech (Norman P. Erber) 481-492.
Central Auditory Deficits and Temporal-Lobe Lesions (Charles Speaks, Thomas Gray, Joanne Miller, and Alan B. Rubens) 192-205.
The Effects of Sophistication on Type V Bekesy Patterns in Simulated Hearing Loss (Frederick N. Martin and Deborah A. Monro) 508-513.
Hearing Assessment with Young Children (Robert T. Fulton, Pamela A. Gorzycki, and Wilma L. Hull) 397-404.
A Modification of the Tillman-Olsen Method for Obtaining the Speech Reception Threshold (Frederick N. Martin and Mary Lou Stauffer) 25-28.
Patient-Controlled Delivery of Monosyllabic Words in a Test of Auditory Discrimination (Roderick O. McLennan, Jr., and Albert W. Knox) 538-543.
Prediction of Most Comfortable Loudness Levels in Hearing Aid Evaluation (Irving Shapiro) 434-438.
Relative Intelligibility of the CID Spondees as Presented via Monitored Live Voice (Randall C. Beattie, Dion V. Svihovec, and Brad Edgerton) 84-91.
Some Suggestions on How to Evaluate a Transposer Hearing Aid (Roy W. Gengel and Kathleen O. Foust) 206-210.
A Spondee List for Determining Speech Reception Threshold without Prior Familiarization (Marjorie Conn, Jess Dancer, and Ira M. Ventry) 388-396.
Use of a High-Risk Register in Newborn Hearing Screening (Dianne H. Meyer and Virginia I. Wolfe) 493-498.
Warble Tone as an Audiometric Stimulus (Gary D. Dockum and Dale O. Robinson) 351-356.

Hearing Aids

Auditory-Visual Perception of Speech (Norman P. Erber) 481-492.

Prediction of Most Comfortable Loudness Levels in Hearing Aid Evaluation (Irving Shapiro) 434-438.
Some Suggestions on How to Evaluate a Transposer Hearing Aid (Roy W. Gengel and Kathleen O. Foust) 206-210.

Auditory Disorders

Acoustic Impedance Measurements in Cleft-Palate Children (Fred H. Bess, H. Donell Lewis, and David J. Cieliczka) 13-24.
Acupuncture and Sensorineural Hearing Loss: A Review (Harvey A. Taub) 427-433.
Central Auditory Deficits and Temporal-Lobe Lesions (Charles Speaks, Thomas Gray, Joanne Miller, and Alan B. Rubens) 192-205.
Children in Educational Programs for the Hearing Impaired Whose Impairment Was Caused by Mumps (Carl Jensema) 164-169.
Recovery of Auditory Function following Meningitic Deafness (Ross J. Roeser, John C. Campbell, and David D. Daly) 405-411.

Rehabilitation

Auditory-Visual Perception of Speech (Norman P. Erber) 481-492.
Children in Educational Programs for the Hearing Impaired Whose Impairment Was Caused by Mumps (Carl Jensema) 164-169.

Speech Pathology

Aphasia

A Case Study of an Ataxic Dysarthric: Cineradiographic and Spectrographic Observations (Raymond Kent and Ronald Netsell) 115-134.
Comment on A. D. Martin's "Some Objections to the Term Apraxia of Speech" (*Letter:* James L. Aten, Frederic L. Darley, Jon L. Deal, Donnell F. Johns) 416-420.
Reply to Aten, Darley, Deal, and Johns (*Letter:* A. Damien Martin) 420-422. Erratum: 549.
Speech and Language Findings in a Chronic Hemodialysis Patient: A Case Report (John C. Rosenbek, Malcolm R. McNeil, Margaret L. Lemme, Thomas E. Prescott, and Allen C. Alfrey) 245-252.

Articulation

Acceleration and Weakness in Parkinsonian Dysarthria (Ronald Netsell, Billie Daniel, and Gastone G. Celesia) 170-178.
Articulation Development in Children Aged Two to Four Years (Elizabeth M. Prather, Dona Lee Hedrick, and Carolyn A. Kern) 179-191.
Articulatory-Defective Children's Discrimination of Their Production Errors (Leija V. McReynolds, Joan Kohn, and Gail C. Williams) 327-338.
A Case Study of an Ataxic Dysarthric: Cineradiographic and Spectrographic Observations (Raymond Kent and Ronald Netsell) 115-134.
Cineradiographic Assessment of Articulatory Mobility in the Dysarthrias (R. D. Kent, R. Netsell, and L. L. Bauer) 467-480.
Comment on A. D. Martin's "Some Objections to the Term Apraxia of Speech" (*Letter:* James L. Aten, Frederic L. Darley, Jon L. Deal, and Donnell F. Johns) 416-420.
Nasal Emission as a Component of the Misarticulation of Sibilants and Affricates (Sally J. Peterson) 106-114.
A New Therapeutic Technique for the Treatment of Velopharyngeal Incompetence (Robert J. Shprintzen, Gerald N. McCall, and M. Leon Skolnick) 69-83.
The Relevance of Markedness (*Letter:* Michael D. Smith and K. F. Ruder) 546-548.
Reply to Aten, Darley, Deal, and Johns (*Letter:* A. Damien Martin) 420-422. Erratum: 549.

Reply to Smith and Ruder (*Letter:* Leija V. McReynolds, Deedra Engmann, and Kay Dimmitt) 548.
A Response Evocation Program for /ɝ/ (Lawrence D. Shriberg) 92-105.
Selected Speech and Fundamental Frequency Characteristics of Patients with Acromegaly (Bernd Weinberg, Richard Dexter, and Yoshiyuki Horii) 253-259.
Speech and Language Findings in a Chronic Hemodialysis Patient: A Case Report (John C. Rosenbek, Malcolm R. McNeil, Margaret L. Lemme, Thomas E. Prescott, and Allen C. Alfrey) 245-252.
Transfer of /r/ across Contexts (Mary Elbert and Leija V. McReynolds) 380-387.

Cleft Palate

Acoustic Impedance Measurements in Cleft-Palate Children (Fred H. Bess, H. Donell Lewis, and David J. Cieliczka) 13-24.
Nasal Emission as a Component of the Misarticulation of Sibilants and Affricates (Sally J. Peterson) 106-114.
A New Therapeutic Technique for the Treatment of Velopharyngeal Incompetence (Robert J. Shprintzen, Gerald N. McCall, and M. Leon Skolnick) 69-83.
Panendoscopic Feedback in the Study of Voluntary Velopharyngeal Movements (Ralph L. Shelton, Andrew Paesani, Keener D. McClelland, and Shari S. Bradfield) 232-244.

Stuttering

Articulatory Rate in the Evaluation of Stuttering Treatments (*Letter:* William H. Perkins) 277-278.
Author's Reply to Freeman, Ushijima, and Hirose (*Letter:* Martin F. Schwartz) 139-140.
Author's Response to Zimmermann and Allen, and Adams (*Letter:* Martin F. Schwartz) 136-137.
A Biofeedback Treatment for Stuttering (Richmond Hanna, Franz Wilfling, and Brent McNeill) 270-273.
Comments on Schwartz's "The Core of the Stuttering Block" (*Letters:* Martin R. Adams) 136.
Cultural Influences in the Development and Treatment of Stuttering: A Preliminary Report on the Black Stutterer (William R. Leith and Howard A. Mims) 459-466.
The Establishment of Fluency with Time-out Procedures: Three Case Studies (Janis Costello) 216-231.
Onset, Prevalence, and Recovery from Stuttering (Martin A. Young) 49-58.
Questions concerning "The Core of the Stuttering Block" (*Letter:* Gerald Zimmermann and Elizabeth L. Allen) 135-136.
Reply to Schwartz's "The Core of the Stuttering Block" (*Letter:* Frances J. Freeman, Tatsujiro Ushijima, and Hajime Hirose) 137-139.
Rocking Chair Therapy for Beginning Stuttering (*Letter:* Parley W. Newman) 422-423.
Speech and Language Findings in a Chronic Hemodialysis Patient: A Case Report (John C. Rosenbek, Malcolm R. McNeil, Margaret L. Lemme, Thomas E. Prescott, and Allen C. Alfrey) 245-252.

Voice

The Age of the Castrato Voice (Friedrich S. Brodnitz) 290-295.
A Case against Teflon Injection to Lower Vocal Pitch (Daniel H. Zwitman and Thomas C. Calcaterra) 499-501.
Comment concerning "Incidence of Chronic Hoarseness among School-Age Children" (*Letter:* Mary Pannbacker) 548-549.
A Comment on E. H. Henrikson's Letter (*Letter:* Daniel R. Boone) 412-413.
Comment on "Spectrographic Analysis of Fundamental Frequency and Hoarseness before and after Vocal Rehabilitation" by Morton Cooper (*Letter:* Peter B. Mueller) 278.
Experimental Modification of the Western Electric #5 Electrolarynx to a Mouth-Type Instrument (Daniel H. Zwitman and Ray S. Disinger) 35-39.

Incidence of Chronic Hoarseness among School-Age Children (Ellen-Marie Silverman and Catherine H. Zimmer) 211-215.
A New Therapeutic Technique for the Treatment of Velopharyngeal Incompetence (Robert J. Shprintzen, Gerald N. McCall, and M. Leon Skolnick) 69-83.
Questions regarding Criteria for Dismissal from Voice Therapy (*Letter:* Ernest H. Henrikson) 412.
Reply to Bloch and Gould's "Vocal Therapy in Lieu of Surgery for Contact Granuloma: A Case Report" (*Letter:* Eric K. Sander) 544.
A Response to Mueller (*Letter:* Morton Cooper) 278-279.
Selected Speech and Fundamental Frequency Characteristics of Patients with Acromegaly (Bernd Weinberg, Richard Dexter, and Yoshiyuki Horii) 253-259.
A Technique for Assisting Speakers of Chinese to Speak Chinese Esophageal Speech (*Letter:* Gardner Gateley) 274.
The Use of Visual Feedback in Establishing Normal Vocal Intensity in Two Mildly Retarded Adults (Donna M. Brody, Barbara A. Nelson, and James F. Brody) 502-507.

Language Delay

The Applied Communication Game: A Comment on Muma's "Communication Game: Dump and Play" (Thomas M. Longhurst and Joe E. Reichle) 315-319.
Comment on "The Expressive Portion of the NSST Compared to a Spontaneous Language Sample" (*Letter:* Mary Pannbacker) 544-545.
The Communication Game: Dump and Play (John R. Muma) 296-309.
The Conditioning of Language in a Nonverbal Child Conducted in a Special Education Classroom (Karen Appelman, K. Eileen Allen, and Keith D. Turner) 3-12.
The Expressive Portion of the NSST Compared to a Spontaneous Language Sample (Carol A. Prutting, Tanya M. Gallagher, and Anthony Mulac) 40-48.
Internal Consistency of The Northwestern Syntax Screening Test (David L. Ratusnik and Roy A. Koenigsknecht) 59-68.
The Language-Disordered Child in Relation to Muma's "Communication Game: Dump and Play" (Cynthia M. Shewan) 310-314.
Language in Childhood Psychosis: A Review (Christiane A. M. Baltaxe and James Q. Simmons III) 439-458.
Language Therapy for Children: Some Thoughts on Context and Content (Audrey L. Holland) 514-523.
Reply to "A Different View of 'Auditory Processing Factors in Language Disorders'" (*Letter:* Norma S. Rees) 414-415.
Reply to M. Pannbacker (*Letter:* Carol A. Prutting, Tanya M. Gallagher, and Anthony Mulac) 545.

Other

A Case Study of an Ataxic Dysarthric: Cineradiographic and Spectrographic Observations (Raymond Kent and Ronald Netsell) 115-134.
Language in Childhood Psychosis: A Review (Christiane A. M. Baltaxe and James Q. Simmons III) 439-458.
Myofunctional Therapy (*Letter:* Patricia J. Bloch) 140.

Language

Aphasia

Speech and Language Findings in a Chronic Hemodialysis Patient: A Case Report (John C. Rosenbek, Malcolm R. McNeil, Margaret L. Lemme, Thomas E. Prescott, and Allen C. Alfrey) 245-252.

Language Development

Analysis of a Father's Speech to His Language-Learning Child (Jill Giattino and Jeanne G. Hogan) 524-537.
Author's Reply to M. D. Smith (*Letter:* Laurence B. Leonard) 276-277.
Comment on "The Expressive Portion of the NSST Compared to a Spontaneous Language Sample" (*Letter:* Mary Pannbacker) 544-545.
Comments on "Analysis of a Father's Speech to His Language-Learning Child" (Robert E. Chubrich) 545-546.
The Communication Game: Dump and Play (John R. Muma) 296-309.
The Expressive Portion of the NSST Compared to a Spontaneous Language Sample (Carol A. Prutting, Tanya M. Gallagher, and Anthony Mulac) 40-48.
Imitation and Language Development: Issues and Clinical Implications (Norma S. Rees) 339-350.
Internal Consistency of The Northwestern Syntax Screening Test (David L. Ratusnik and Roy A. Koenigsknecht) 59-68.
Language in Childhood Psychosis: A Review (Christiane A. M. Baltaxe and James Q. Simmons III) 439-458.
More Preliminaries on Generalization (*Letter:* Michael D. Smith) 274-276.
Reply to "A Different View of 'Auditory Processing Factors in Language Disorders'" (*Letter:* Norma S. Rees) 414-415.
Reply to M. Pannbacker (*Letter:* Carol A. Prutting, Tanya M. Gallagher, and Anthony Mulac) 545.

Other

The Conditioning of Language in a Nonverbal Child Conducted in a Special Education Classroom (Karen Appelman, K. Eileen Allen, and Keith D. Turner) 3-12.
Language Therapy for Children: Some Thoughts on Context and Content (Audrey L. Holland) 514-523.

Instrumentation

Experimental Modification of the Western Electric #5 Electrolarynx to a Mouth-Type Instrument (Daniel H. Zwitman and Ray S. Disinger) 35-39.

General

Diagnostic Principles

Auditory Responses of Infants (Betty Springer Watrous, Freeman McConnell, William F. Fleet, and Ann B. Sitton) 357-366.
The Basic Concepts of Medical Genetics (Hermine M. Pashayan) 147-163.
A Case Study of an Ataxic Dysarthric: Cineradiographic and Spectrographic Observations (Raymond Kent and Ronald Netsell) 115-134.
Diagnostic Report Writing (Mary Pannbacker) 367-379.
The Expressive Portion of the NSST Compared to a Spontaneous Language Sample (Carol A. Prutting, Tanya M. Gallagher, and Anthony Mulac) 40-48.
Internal Consistency of The Northwestern Syntax Screening Test (David L. Ratusnik and Roy A. Koenigsknecht) 59-68.
Selected Speech and Fundamental Frequency Characteristics of Patients with Acromegaly (Bernd Weinberg, Richard Dexter, and Yoshiyuki Horii) 253-259.
Speech and Language Findings in a Chronic Hemodialysis Patient: A Case Report (John C. Rosenbek, Malcolm R. McNeil, Margaret L. Lemme, Thomas E. Prescott, and Allen C. Alfrey) 245-252.

Therapeutic Principles

The Communication Game: Dump and Play (John R. Muma) 296-309.

The Conditioning of Language in a Nonverbal Child Conducted in a Special Education Classroom (Karen Appelman, K. Eileen Allen, and Keith D. Turner) 3-12.
The Establishment of Fluency with Time-out Procedures: Three Case Studies (Janis Costello) 216-231.
Experimental Modification of the Western Electric #5 Electrolarynx to a Mouth-Type Instrument (Daniel H. Zwitman and Ray S. Disinger) 35-39.
Myofunctional Therapy (*Letter:* Patricia J. Bloch) 140.
A New Therapeutic Technique for the Treatment of Velopharyngeal Incompetence (Robert J. Shprintzen, Gerald N. McCall, and M. Leon Skolnick) 69-83.
Panendoscopic Feedback in the Study of Voluntary Velopharyngeal Movements (Ralph L. Shelton, Andrew Paesani, Keener D. McClelland, and Shari S. Bradfield) 232-244.
Re-education Techniques in Speech Correction (H. J. Heltman, Reprinted from *Journal of Speech Disorders*, July 1936) 284-289.
A Response Evocation Program for /ɝ/ (Lawrence D. Shriberg) 92-105.

Other

The Basic Concepts of Medical Genetics (Hermine M. Pashayan) 147-163.
